

Activities

On the Activity Grid below, please share information on five activities you currently participate in or have recently participated in. These can be formal (like clubs or after school programs) or informal (like caring for siblings or other family responsibilities). We are most interested in activities that involve making a contribution to your community and/or helping others. Please use the Description area to explain both the activities of the club/organization, and to describe your role/how you are involved. Please do not include any paid activities on the Activity Grid; list those on the Employment Grid below. Regarding the time spent for each activity, please use the format of weeks/year. For example: 12 wks/yr if you participate once each month throughout the year, or 36 wks/yr if you participate each week during the 36-week school year.
